ABOUT US

PiQuantum is a Saigon-based interior design studio. PiQuantum adopts a profound approach to the design and development process by closely collaborating with our clients and through our diligent design work. We aim to fully achieve your requirements and wow you with our customized design solutions.

Robust creativity and limitless possibilities are at the core of our practice. We are well-organized yet flexible at every stage from strategic planning to implementation. We will push all boundaries to create timeless and unique designs while working within time and budget constraints. We constantly seek to venture beyond existing definitions of architecture and create new ways of marrying form to function.
